

# Monthly Indicators

## February 2017

The start of the year ushered in a wave of good news about a hot stock market, higher wages and an active home sales environment. At the same time, housing prices have continued to rise, and the low inventory situation and affordability crunch has been particularly hard on first-time buyers struggling to get into the market. Nevertheless, buyer activity is easily outpacing seller activity in much of the country, culminating in relatively quick sales and low supply. Demand definitely remained strong this month.

New Listings were down 12.3 percent to 401 in Stark County while up 11.1 percent to 30 in Carroll County. Pending Sales increased 14.7 percent to 383 in Stark County and increased 33.3 percent to 20 in Carroll County. Inventory shrank 29.0 percent to 951 units in Stark County and shrank 5.6 percent to 117 units in Carroll County.

Median Sales Price was up 2.7 percent to \$113,000 in Stark County and up 3.1 percent to \$82,500 in Carroll County. Days on Market in Stark County decreased 9.7 percent to 84 days in Stark County and increased 63.5 percent to 157 days in Carroll County. Months Supply of Homes for Sale was down 29.7 percent to 2.6 months in Stark County and down 15.3 percent to 5.0 months in Carroll County, indicating that demand increased relative to supply.

Unemployment has reached pre-recession levels, and Americans remain optimistic about finding quality employment. This matters because job growth and higher paychecks fuel home purchases. Unfortunately, that won't matter for potential buyers if price appreciation outpaces income growth and if mortgage rates continue their upward trend. Sellers are getting a generous number of offers in this market. The worry for sellers then becomes that there will not be a generous number of homes to
